### Persons to Be Heard

Council members remarked that the LED street lights are a positive change. Frank pointed out that there are a few lights still not changed and a couple that were changed that do not belong to the Borough. The Borough has been waiting almost 2 years for the corrections sent to West Penn 12/13/2018.

Frank informed Council that water pumping is down. Some leaks were located and repaired.

The generator is set, fueled, and is being wired tomorrow. Waiting for start up and in service date.

Leaf pick up is scheduled for Mon., 11/09/2020 and Mon., 11/16/2020.

Tim asked about winter salt. Frank stated that the Borough committed to an amount in the spring through COSTARS and that we should be in good shape. They just used some for the recent first snow and the salt was in good condition underneath a three inch crust.

Tim also asked about vehicle undercoating. Frank responded that it was in the works, but appointments were booked for some time.

Frank informed Council that the two sets of flashers have been removed. One of the utilities will relocate services on one of our poles to another pole. That pole can be removed after that is accomplished. Frank proposed selling the flashers instead of storing them in the garage.

Officer Justin Swarzfager was scheduled to appear for the New Bethlehem police, but was tied up with an arrest and unable to attend.

Dan Stewart mentioned speeding near the cemetery area of town, particularly entering town. Scott will pass the information on to Chief Bob.
